

BASF PETRONAS Chemicals

HEALTH, SAFETY & ENVIRONMENTAL POLICY

The health and safety of our employees, customers, contractors, and community as well as protection of our workplace environment and of the environment as a whole, are the highest priorities of BASF PETRONAS Chemicals.

We will strive to provide a safe and healthy workplace and ensure that safety and environmental protections are always incorporated in the planning and execution of the Company's business, in compliance with all relevant Malaysian laws and regulations, as well as the Company's own requirements.

Management has a leadership role in ensuring compliance with HSE policy. Hence, the Company requires active commitment and accountability to the HSE policy from all employees.

We are committed to:

- *Strive for continuous improvement of the Responsible Care Management System (RCMS).*
- *Ensure facilities are designed and engineered to meet recognized international standards and practices.*
- *Implement HSE training programs to ensure adequate training of all employees and contractors.*
- *Continue to identify potential hazards and implement appropriate measures.*
- *Investigate all incidents, diseases and dangerous occurrences and ensure appropriate action to prevent recurrence.*
- *Communicate and update all employees and contractors on worker safety and asset protection.*
- *Ensure that appropriate emergency response plans are in place.*
- *Pursue the principles of Sustainable Development.*
- *Revise and improve this policy as required to ensure ongoing suitability.*
- *Emphasize the above responsibilities at every level within the organization.*

We have set the following goals:

Accidents

Work related illnesses due to our operations

Reportable adverse environmental impact

Remember:

- **ALL ACCIDENTS ARE PREVENTABLE!** The protection of our employees and the public is the only acceptable standard.

Marko Murtonen
Managing Director
BASF PETRONAS Chemicals Sdn. Bhd.
